“Never stop Exploring”

Online Study during COVID-19

This session saw a switch from regular classes in the school to online classes at home. As a result education has changed dramatically whereby teaching is being done through different digital platforms.

At SRS, teachers and students are regularly in contact through Zoom platform. Regular online classes are being conducted.

Apart from this, students also get involved in the new way of learning & teaching. Videos made by the teachers themselves are being sent to students who are unable to attend the classes. Homework is being sent in the form of PDF's. Notes are being shared through School Portal, Google forms for exams and feedbacks.

SMC Activities

Due to Covid-19 situation, student's education has been badly impacted. Various steps taken by school to provide an effective education in these challenging time like Zoom classes, online sending of work via PDF files, coordination with students and parents through What's App groups. It was decided to strictly follow all the norms and guidelines regarding covid-19 pandemic issued by the Govt. for school and staff. School has adopted a compassionate and lenient view towards the fee, and discounts were clubbed for the parent's ease. School management has decided not to increase the school fee for the next academic session as well keeping in mind the effect of pandemic on the parents. To increase the student's participation in online classes and effective ways to conduct the assessments for the current situation, many fold increase has been implemented on the online co-curricular and extracurricular activities for the students which include CBSE and other activities.

Conclusion

I conclude by assuring that even though our students engaged themselves in various co-curricular and lifeskills activities, still top priority is given to academic performance. Remedial teaching, extra classes, revision, unit tests, class tests, assignments, term-end exams have kept them busy throughout the year.

I render thanks to our Principal, our Chairman, our teaching and non-teaching staff and our students and parents who gave us their maximum support and cooperation.

We hope to move forward with our priorities, innovation in our educational programmes, intellectual ambitions and globalization in education.

With this we conclude the report.

Thank You.
